4D Sensing Technology Arevolutionary, new hands-free emergency response system.

- 100% automatic
- No wearables
- No buttons or pendants
- No cameras

Just place a 4D Sensing Tech on the wall and if you fall, or need help, it will call a responder service or emergency contact.

- Small
- Multi-functional
- Upgradeable

BHAVI COMMTECH
INTELLIGENT SENSORS

Like wifi, the device sends out signals that scan the environment using harmless radio waves a thousand times weaker than a cellphone.

- 4D Sensing Tech detects a person's body position, a fall, or health problems.
- It's mindful of privacy, because it doesn't use cameras.
- Setup is also simple for out-the-box use, with pre-configured settings available for installers.
- It's US and CE certified, UL1637 approved* and approved for use across the United States, Europe, Canada, Australia and Japan.

*In final stage of approval.

4D Sensing Vision

Unparalleled Safety with Peace of Mind

We've conducted 1,200 tests across 17 different fall scenarios, and achieved industry leading detection rates.

Only 4D Sensing Tech let's caregiver monitor with maximum privacy

Fast falls, gradual falls, falls behind objects and furniture, falling from a bed, falling on the back, side, and stomach, with variations of BMI and height.

Works Automatically
Gets help if a user is unconscious

Detects All Types of Falls

No Device to Wear

Mains Powered
No need for user to charge it

Has Ability to Call for Help

Upgradable Features
Breathing, security, activity monitoring and geo-fencing

4D Sensing

Fall-detection Pendant

Smart Watch

ONLINE CLOUD Dashboard

Remote Monitoring

With precise monitoring and tracking across many rooms, occupants can be looked after remotely.

Analysis

Data is gathered and analyzed in a secure cloud environment.
